

I Care

Tom T. Hall

When the TV won't work and your toys fall apart
And you have a sad feeling deep in your heart
You wanna go out but it's rainin' out there I want you to know
I care
I care I do there's no one like you
When they take you some place and you sit in a chair I want you
to know I care
When you tell a big lie and your parents're mean
When being grownup is a faraway dream
When you're fillin' your teeth and cuttin' your hair I want you
to know I care
I care I do there's no one like you
I mention your name when I'm sayin' my prayers I want you to know
I care
When you have a bad cough and you can't go out
When you sit for a week with that thing in your mouth
When you sleep in the dark and there's something out there I want
you to know I care
I care I do there's no one like you and sometimes I act like a
grouchy old bear
I want you to know I care I love you too much
