## **Little Eva**

## **Tom Tom Club**

Little Eva, little Eva She's the dreams from hell She paints pictures Scary pictures

She's got things to tell She doesn't feel too hot About the world today She doesn't know she's got Control in anyway

Don't you leave her she's like a fire Like a tiny flame dancing in the wind Don't believe her she'll never tire She'll make me feel like you never sin

Dancing, dancing
Dancing in the wind
Dancing, dancing
Dancing in the wind

Little Eva feeling tiny Waltzes through the door Little Eva eats the candy She finds there on the floor

'Cause they say what's cruel
Proves to change her style
You don't have to be a fool
To miss the nature of her smile

Don't you leave her she's like a fire Like a tiny flame dancing in the wind Don't believe her she'll never tire She'll make me feel like you never sin

Dancing, dancing
Dancing in the wind
Dancing, dancing
Dancing in the wind

Don't you leave her she's like a fire Like a tiny flame dancing in the wind Don't believe her she'll never tire She'll make me feel like you never sin

Dancing, dancing
Dancing in the wind
Dancing, dancing
Dancing in the wind
