

# The Butler

Tommy Lee

Good Day

This is the english butler for young master Thomas Lee  
Unfortunately he is away presently but i will deliver your messe  
ge on my silver platter just as  
soon as i finish picking up all these soaked stockings, garder  
belts, panties and high heels  
The visitors do seem to leave a lot of those behind  
He mumbled something about rocking two years on the road with M  
otley Crue  
But it also could of been (beep) two bits of gear on the roof w  
ith a shapely broom  
You know these pop rock stars today  
Anyway at the pop of a champagne cork leave your messege and yo  
ur humble servant will make sure  
that the real mr. rich and famous gets it  
Cheers.
