

New Heights

Tonight Alive

Lately I've noticed
It's harder to lie here alone
But when you come back
Know find me here, I'm waiting

I don't think I could set a scene
Or do justice for the way I feel right now
I don't believe it for a second
Have you fallen asleep
Cause I'm falling asleep,
And I'm falling more for you

I'm not even here
I'm inside this song with you
Take me now, I'll take you to a new height
We'll be flying,
We'll make it without trying
Baby, believe in me

Whoa, whoa-oh!
Get up and sing along,
Cause this means more than anything we've known before
and I,
I wont last, this is what I need
Please don't take it from me

I daydream the week away
Time slips through my hands
And I forget my plans
When will this flight land?

I've had enough
And baby, dont you know that we'll be flying,
We'll make it without trying
Baby, believe me

Whoa, whoa-oh!
Get up and sing along,
Cause this means more than anything we've known before
and I,
I wont last, this is what I need
Please don't take it from me

We're so close, yet so far
We have come so far-
And I know that you know that I know what we need
Please don't pretend you don't know what I mean
For you, just know, I'd do anything
And for this, Id give my everything

I would do, anything
I would give, my everything
Whoa, whoa-oh!
Get up and sing along,
Cause this means more than anything we've known before

Whoa, whoa-oh!

Get up and sing along,
Cause this means more than anything we've known before
I won't last, this Is what I need
Please don't take it from me
