

# Darling Tomorrow

Tony Christie

I got to tell her I gotta say  
I'm planning on leaving  
I must get away  
I'm gonna be with you  
This time tomorrow

She never loved me  
Not for myself  
And I'm just a picture  
Up there on the shelf  
I need someone to bring me back to life

Darling tomorrow  
I'll be with you  
All of the things I've been dreaming  
I'm gonna do

Darling tomorrow  
Wait for me please  
I'm gonna be there forever  
I love you Louise

I swear I was trying  
Though I was hurt  
She hated my friends  
And presented my world  
Living like strangers  
In a house divided

We wasted our loving  
And after we part  
I hope she finds someone  
And makes a new start  
Maybe we both deserve a second Chance

Darling tomorrow  
I'll be with you  
All of the things I've been dreaming  
I'm gonna do

Darling tomorrow  
Wait for me please  
I'm gonna be there forever  
I love you Louise

Darling tomorrow  
I'll be with you  
All of the things I've been dreaming  
I'm gonna do

Darling tomorrow  
Wait for me please  
I'm gonna be there forever  
I love you Louise
