

Knocking On Your Door

Tony Christie

Last night we met for the first time
And when I asked you to dance
The thought of finding romance
Was far from my mind
Strangers that fade through together
Our bodies swayed to the song
The music played on and on
We danced forever

I held you closer and closer
A message sent from my heart was saying:
We'll never part
I'd never loved anybody till then
I thank the heavens above
For sending me your sweet love

I'll be knocking on your door
Begging you for more
I wanna hold you to me
Release the passion that's running through me

I'll be knocking on your door
I'll be back for more
I can't exist without you
There's things about you
I just adore

I can't believe how I've found you
I'm on a pink carousel
Inside a magical spell
Floating around you,
I've never had this reaction
The things you do hypnotize
And when I look in your eyes
There's wild attraction

Memories of last night won't leave me
So many things that I miss
The special way that you kiss good night
I try to dream I was holding you tight
I've lots of love to give
And now I know where you live

I'll be knocking on your door
Begging you for more
I wanna hold you to me
Release the passion that's running through me

I'll be knocking on your door
I'll be back for more
I can't exist without you
There's things about you
I just adore

I'll be knocking on your door
Begging you for more
I wanna hold you to me

Release the passion that's running through me

I'll be knocking on your door

I'll be back for more

I can't exist without you

There's things about you

I just adore
