

## Selling Keys

Tony Yayo

I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
Cuffing this  
Cuffing, cuffing this  
I been cuffing this  
I been cuffing this  
But I only sell fiends

I hate getting familiar with these niggas and bitches  
All they do is get comfy and think I'm sweet like swishes  
I spent half of my career on a private jet  
Hit the jacks, get a hoopla, go wash your scent  
Think it's sweet to have my shooters come wash your scent  
I'm in that Wu Tang shit, nigga, protect your neck  
All these niggas on my dick, blow Bruno  
Jewish lawyers Scott leaning, always find a loophole  
Hermes attire, sharper than a cactus  
Half a pound of cat piss, model slash actress  
I'm flipping things like gymnastics  
My bricks doing simmer sauce, yours doing back flips  
That means you hustling backwards  
I'm back to the feature, I re-up the fastest  
Rows go, you blow, make all the hoes blow  
Twenty keys turn my yard into a car show

I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
Cuffing this  
Cuffing, cuffing this  
I been cuffing this  
I been cuffing this  
But I only sell fiends

Missed to get a model weak, movies in the palace weak  
Your lady ass snicket, run around like 100 thousand feet  
Nigga, I got her tripping, leaning, dying over  
Nigga, we riding triple beans with dimes for chauffeurs  
My system's hidden, got the coppers hating  
Friend or foe, I'm popping strips between the combination  
My mind is racing, Gucci stepping, probably gracing  
Two, three seconds, I'm impatient, breaking records out the basement  
Break a brick over these strippers, weird bitches call me daddy  
Solid gold pictures, take my business out the alley  
Married to the fucking game, all the work, I feel the same  
Get with Scott up, nigga up, but dollar signs are hella pain

I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
Cuffing this  
Cuffing, cuffing this  
I been cuffing this  
I been cuffing this  
But I only sell fiends

Movie chick cross bows with exploding tips  
Groupie bitch, in the rows I expose my dick  
Under my pillow dragging breasts around, shoot fire  
Laying in my bed, she tell it like Tyana  
Every nigga ain't your homie, death before dishonor  
45 for gram, a drought's on the corner  
For shit rounds got 15 docks in 'em  
Hit his chest cavity, for sure I'm talking 'em  
Max in the MCM nap sack  
In the 90s they... and long had the long foundation  
Elephant buildings, made a couple millions

I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
I know you think I'm selling keys  
But I only sell fiends  
Cuffing this

Cuffing, cuffing this
