Cloud On My Tongue

Someone's knockin on my kitchen door Leave the wood outside What all the girls here are freezing cold Leave me with your Borneo I don't need much to keep me warm

Don't stop now what you're doin What you're goin my ugly one Bring them all here Hard to hid a hundred girls in your hair It won't be fair if I hate her If I ate her you can go now

You're already in there I'll be wearing your tatoo You're already in there

Got a cloud sleeping on my tongue He goes then it goes and kiss the violets As they're waking up

Leave me with your Borneo Leave me the way I was before

You're already in there I'll be wearing your tatoo I'm already in Circles and circles and circles again The girl's in

Someone's knockin on my kitchen door Leave the wood outside What all the girls here are freezing cold

You can go now

You're already in there I'll be wearing you tatoo You're already in there Thought I was over the bridge now I'm already in Circles and circles and circles again The girl's in Circles and circles Got to stop spinning Circles and circles and circles again Thought I was over the bridge now
