Suede

You always felt like suede There are days I feel your twin Peekaboo Hiding underneath your skin Jets are rewing Yes rewing From a central source And this has power over me Not becuase you feel something Or don't feel something for me But becuase Mass so big it can swallow Swallow her whole star intact Call me 'evil' call me 'tide is on your side' Anything that you want Anybody knows you can conjure anything By the dark of the moon Boy and if you keep your silence Silencer on you'll Talk yourself right into a job Out of a hole Into my bayou I'm sure that you've been briefed My absorption lines They are frayed And I fear My fear is greater than my faith But I walk The missionary way You always felt like suede There are days I am your twin Peekaboo Hinding underneath your skin Juets are rewing Yes rewing From an ether twist Call me 'evil' little sister I quess i'd do the same Little sister

You'll forgive me one day
