Toro y Moi

I think I'm feeling anxious
'Cause I'm tapping into shit that's supposed to stay ancient
I think I'm feeling anxious
'Cause I'm tapping into shit that's supposed to stay ancient

She told me she want me
She don't even know
I put it on ice
It got me some falls
I click it, I buy it
I ordered the roll
Shit's overpriced
You don't even know

She told me she want me
She don't even know
I put it on ice
It got me some falls
I click it, I buy it
I ordered the roll
Shit's overpriced
You don't even know

I think I'm feeling anxious
'Cause I'm tapping into shit that's supposed to stay ancient
I think I'm feeling anxious
'Cause I'm tapping into shit that's supposed to stay ancient

Are you gonna let me work like a dog now?
Let me crawl first
Let me fall down
Let me get hurt

She told me she want me
She don't even know
I put it on ice
It got me some falls
I click it, I buy it
I ordered the roll
Shit's overpriced
You don't even know
