

# Remembrance Day

Tory Lanez

I, I, I remember them streets so... well  
I, I, remember them people well.  
Them, them, them, them same niggas  
Walk around and be telling everybody I changed nigga  
I know that you only wanna fuck with me cause I hope you good  
You say you want the old me cause the old me nigga was broke as shit  
That's what you want huh? That's what you want huh?  
Just go and say it to my face my nigga don't lie  
Lately niggas been fakin, no blow  
But a niggas been patient, low blows  
Niggas just hatin, oh no  
They just want to mess around and turn me to the nigga that I used to be  
Chillin' with the girls that I used to see  
And all them same girls wanna keep it real with everybody else  
And never want to tell the truth to me  
But on the outside Ima cool ass nigga, y'all cant see all the pain a nigga h  
old  
Y'all cant see all the pain a nigga show,  
Sittin' back, watching all these lame niggas blow  
But uh don't trip cause I know a nigga time comin, I be waitin' on the shit  
like a ride coming  
But right now, I got to sit it on the side youngin'  
Don't worry Ima get it, I get it  
The fam like "Nigga, admit it ya did it" and I be like nigga I ain't did shi  
t  
Mind on the big shit, time for the big shit  
I been on the grind so long it's ridiculous  
But niggas gon' doubt, well tell em wake there ass and see  
I promise y'all its gon' happen for me!

I can't let you haters be my stress, even though yall do me all wrong  
When they gon' cut me my check  
Haters, I remember all yall.  
Haters, I remember all yall.

I, I, I used to walk around free  
I, I know that you often doubt me  
I, , can't help but feel the pain,  
Some nights nigga needed sun light, but I really can't help but feel the rai  
n  
My gift, God given, hard liquor for hard living  
My bluntness - pardon it. Got a dream? Go'n get it,  
Nigga I'm never gon' go, let you niggas get used to me  
Nigga I'm feelin so low that a nigga need a booster seat  
I still feel like I'm ready, gon get em, I'm in the studio like 24/7  
I be on the move, plenty momentum  
I ain't got room for anymore venom for you snakes and shit  
The fakes and shit, it just makes me sick .  
This is not the motherfuckin' life a nigga signed up for, lookin at it like  
this can't be it,  
Damn, what a real nigga gots to do  
To get a condo with a private view?  
Cause I be in the game lookin at the superstars like everything you doin' ni  
gga I can do  
So how could you be so arrogant? Some of y'all people  
Walk around here like you runnin our people  
And they talk like everyone is our equal

Y'all niggas fake, everyone of y'all I see through!!
