

## Crosswalk

### Totally Enormous Extinct Dinosaurs

Love is a danger  
Nothing more dangerous than playing the part  
Ever a wager  
House always wins but I'll still bet my heart  
Take the shirt from my back  
Pull me close, so I know it  
Would give me heart attack  
If you started leaving, and kept on going

I've never been hurt  
The way you hurt me  
I've never been loved  
The way you loved me

Life is a forfeit  
Make your confession undo your lies  
Player don't fold it  
There's no way to win if you don't roll the dice  
You walk in my room  
Take your time, practice patience  
And to these eyes of mine  
You're all I need, for all occasions

I've never been hurt  
The way you hurt me  
I've never been loved  
The way you loved me
