

## Shimmer

### Totally Enormous Extinct Dinosaurs

If you mean it, if you need it  
If you really do  
Right on  
Keep it up, keep it up  
Keep your faith here  
My mind is set

Make them feel we dance here  
You know  
Looking by this big world  
You know that

If you mean it, if you need it  
If you really do  
Right on  
Keep it up, keep it up  
Keep your faith here  
My mind is set

Make them feel we dance here  
You know  
Looking by this big world  
You know that

If you mean it, if you need it  
If you really do  
Right on  
Keep it up, keep it up  
Keep your faith here  
My mind is set
