Here's to the few. Who fared - my love  
Only for you-I cared-my love  
I've given it hope, and I know it's only you  
Encased in silence  
Here's to the you-who saved-my love  
Only to you-I gave-my love  
I've given it thought, and it's not all that appears  
Lea, how long will you still want me to want you  
In and around you  
Lea-my concertina  
Will you still want me to want you  
Here's to the you-who dared-my love  
Only with you-I shared-my love  
I've given it though, and it's not all that appears  
So I'm asking  
Lea, how long will you still want me to want you  
In and around you  
Lea-my concertina  
Will you still want me to want you  
Who cares-what the cynics say  
I care-if only you're on your way  
Lea-don't let the same be true  
Lea-do you still want me to want you [repeat out]
