

## 9th of October

Tove Lo

We never had coffee table books or dinner parties  
We always had hazy nights and sex, cliché's in Paris  
Don't disturb on the top floor  
Getting high by the window  
In bed with your eyes locked into mine  
How perfect was it?

9th of October, I always remember  
No bad things had happened then  
Honestly, you never thought you'd fall for me  
But somehow you got pulled in  
Livin' so fast, makin' memories last  
'Til our hearts couldn't hold no more  
Hear you explodin' while I am implodin'  
Now, how did we let this go?

We never had, ah  
We never wanted, ah  
We never had, ah  
We never wanted  
A normal kind of love

We never had time for useless fights  
'Bout dirty laundry  
We always had tender, long goodbyes  
Packed bags in a hurry  
Our last kiss at the bus stop  
Had I known, would've jumped off  
And now from the pieces of my heart, I'm so sorry

9th of October, I always remember  
No bad things had happened then  
Honestly, you never thought you'd fall for me  
But somehow you got pulled in  
Livin' so fast, makin' memories last  
'Til our hearts couldn't hold no more  
Hear you explodin' while I am implodin'  
Now, how did we let this go?

We never had, ah  
We never wanted, ah  
We never had, ah  
We never wanted  
A normal kind of love

Waitin' for my heart, waitin' for my heart  
(We never wanted)  
Waitin' for my heart, waitin' for my heart  
Still waitin' for my heart, waitin' for my heart  
We never wanted a normal kind of love

9th of October, I always remember  
9th of October, I always remember  
Those big words, I said them first  
9th of October, I always remember  
9th of October, can't think of it sober  
'Cause all of it fuckin' hurts

Waitin' for my heart, waitin' for my heart  
(We never wanted)  
Waitin' for my heart, waitin' for my heart  
Still waitin' for my heart, waitin' for my heart  
We never wanted a normal kind of love  
Oh, waitin' for my heart, waitin' for my heart  
(We never wanted)  
Waitin' for my heart, waitin' for my heart  
Still waitin' for my heart, waitin' for my heart  
We never wanted a normal kind of love
