

# Bad Days

Tove Lo

You used to love me on my bad days  
When the sun wouldn't come out  
When I was called to make a statement  
I'd wait for you to figure out

Why what you said just a minute ago  
Triggered feelings from before  
From the time you don't remember  
Well I forgot, but can't let go

If it was easy, I'd forget about you, baby  
But I never really understood  
How people move on from a heart to love another  
Oh, if I could, I would  
If it was easy, I'd forget about you, baby  
But I never really understood  
How people move on from a heart to love another  
Oh, if I could, I would

I picked at all that I could think of  
I guess I picked that up from you  
No one could make me feel so useless  
I know I did it to you, too

Why cut so deep every word that we speak?  
Triggers, shit we never thought  
I still remember all the good times  
If not, I'll recreate 'em all

If it was easy, I'd forget about you, baby  
But I never really understood  
How people move on from a heart to love another  
Oh, if I could, I would  
If it was easy, I'd forget about you, baby  
But I never really understood  
How people move on from a heart to love another  
Oh, if I could, I would

If I could, I would  
Oh, if I could, I would

Yeah, I try  
But we're in the same crowd  
Always at the same scene  
So I don't know how  
I'm supposed to act fine  
When we used to be burning love  
That died  
Colder than ice  
Why am I surprised?  
But I guess that's how  
I guess that's how we do it now

If it was easy, I'd forget about you, baby  
But I never really understood  
How people move on from a heart to love another  
Oh, if I could, I would

If it was easy, I'd forget about you, baby  
But I never really understood  
How people move on from a heart to love another  
Oh, if I could, I would  
If I could, I would
