

# Cycles

Tove Lo

What's your name?  
I can tell you a story before we get into the game  
We fall head over heels overnight  
See my face in your future  
I'm in your future, in your nights, mmm  
We're intense  
In a loop on a 24/7, don't want it to end  
But reality's waitin', they say better come up for air soon  
Yeah, come up for air soon  
Make a change, mmm

Fallin' again, and don't understand  
Never my plan, nah

I'm in a cycle  
Yeah, I admit it  
How can I change it when I don't know when I'm in it?  
I'm in a cycle  
Swear this is different  
Don't wanna end it, if you leave then I keep spinnin'  
My life's a cycle  
Don't mean we ain't true  
Just 'cause I talk about the things I've done before you  
I'm in a cycle  
Swear this is different  
Don't wanna end it, if you leave then I keep spinnin'

You're afraid (yeah)  
The way I love you now and my love in the past are the same  
And the things that I say are exactly what I used to tell them  
And that really hurts me, but I know, mmm

Fallin' again, and don't understand  
Never my plan, no

I'm in a cycle  
Yeah, I admit it  
How can I change it when I don't know when I'm in it?  
I'm in a cycle  
Swear this is different  
Don't wanna end it, if you leave then I keep spinnin'  
My life's a cycle  
Don't mean we ain't true  
Just 'cause I talk about the things I've done before you  
I'm in a cycle  
Swear this is different  
Don't wanna end it, if you leave then I keep spinnin'

It's so romantic in a way  
Why don't you catch me when I sway?  
'Cause when my heart falls out of place  
I know (oh, oh, oh)

I'm in a cycle  
Yeah, I admit it  
How can I change it when I don't know when I'm in it?  
I'm in a cycle

Swear this is different  
Don't wanna end it, if you leave then I keep spinnin'  
My life's a cycle  
Don't mean we ain't true  
Just 'cause I talk about the things I've done before you  
I'm in a cycle  
Swear this is different  
Don't wanna end it, if you leave then I keep spinnin'
