

# Come Home

Trace Adkins

Maybe you were right, maybe I was wrong  
Maybe I said goodbye a little too strong  
But, you been away way too long... Come home  
A little too harsh, a little too loud  
Out there on the edge of a little too proud  
But baby, you oughta see me now... Come home

Come Home, come home  
Tell me all is forgiven, let's get back to livin'  
Come home

I know there ain't no way to take it all back  
Make it better after the fact  
But I'd sure give my should for somethin' like that...  
You just come home

Come Home, come home  
Tell me all is forgiven, let's get back to livin'  
Come home

Come Home Baby

Come Home, come home  
Tell me all is forgiven, let's get back to livin'  
Come home

I'm gonan wait, but it ain't too long  
Come home, come home  
Come home, come home
