

# The More I Feel Like Rockin'

Tracy Byrd

I was seventeen  
Just gettin' started  
Every weekend was a non-stop party  
Chasin' girls and cruisin' town

It was nightclubs all through my 20's  
And three a.m. breakfast at Denny's  
Back then I thought by now  
I'd be slowin' down

But the older I get  
The more I feel like rockin'  
I'm not talkin' 'bout sittin' in a chair  
On the front porch watchin'

I'm just now comin' up over the hill  
And I got no plans of stoppin'  
Cause the older I get  
The more I feel like rockin'

Used to think  
That life stopped at thirty  
Had to get all your fun in early  
While you still had the chance

But when thirty comes, forty looks younger  
Life is sweet and I still feel the hunger  
And I still wanna dance  
So crank up the band

Cause the older I get  
The more I feel like rockin'  
I'm not talkin' 'bout sittin' in a chair  
On the front porch watchin'

I'm just now comin' up over the hill  
And I got no plans of stoppin'  
Cause the older I get  
The more I feel like rockin'

Yes, I do

Yeah, I'm just now comin' up over the hill  
And I got no plans of stoppin'  
Cause the older I get  
The more I feel like rockin'

I feel like rockin'  
Gotta keep on rockin'
