

# Motel Pool

Travis Garland

Babe...

I can tell that you need to get away  
Don't say a word, it's written on your face  
I know that you've been going through it  
One of those lonely summer nights

I know it's hard  
Don't mind the heat, just hop into my car  
And I got the space, I'll take you to the stars  
Girl you don't, don't have to talk about it  
I'm gon' make everything alright

She said I can't be  
Here right now  
I told her come with me  
I'll slow your whole world down

'Cause we drove way too far  
Now it's just you and me in the dark  
Baby I'll take the weight from your heart  
Wash the worries off your mind tonight  
Let's dive into the motel pool  
Into the motel pool  
Let me fall into your motel pool  
Wash the worries off your mind tonight

We got all night  
Layin with you under the neon lights  
Floating together suspecting in time  
They probably looking for us  
But girl there's nothing to find  
We won't get caught  
Keep your voice down, we don't want them to hear  
Whisper all of your troubles in my ear  
And I'll make them vanish for you  
But tell me where is your mind

She said I can't be  
Here right now  
I told her come with me  
I slow your whole world down

'Cause we drove way too far  
Now it's just you and me in the dark  
Baby I'll take the weight from your heart  
Wash the worries off your mind tonight  
Let's dive into the motel pool  
Into the motel pool  
Let me fall into your motel pool  
Wash the worries off your mind tonight

And when you see the moonlight falling on your skin  
I know I would do... anything... for you  
So don't you be afraid of nothing, just dive in  
I'm going to make you see that you're safe with me  
'Cus baby we  
( 'Cus we drove way too far)

Drove way too far

Now it's just you and me in the dark  
Baby I'll take the weight from your heart  
Wash the worries off your mind tonight  
Cus we drove way too far  
Now it's just you and me in the dark  
Baby I'll take the weight from your heart  
Wash the worries off your mind tonight  
Then I would dive into the motel pool  
Into the motel pool  
Then I would dive into your motel pool  
Into the motel pool  
Wash the worries off your mind tonight

Motel pool, into the motel pool  
Let me fall into your motel pool  
Wash the worries off your mind tonight
