

## Beat Traitor

??? (Trax)

You gotta make a deal though you'll be a heel  
Go away the highway to downtown  
And get mixed with a crowd  
Shouting anger without voice  
You gotta make up your face and past  
Nobody can find your truth  
Ah! You are the beat traitor  
Ruler's frightened at power of freedom

Born as Beat Traitor  
If you close your eyes  
Born as Beat Traitor  
The impurity of blue sky  
Born as Beat Traitor  
The day you were born  
Born as Beat Traitor  
Feels your heart

Listen to the new Moistens at your tears  
Hundred million miseries exist  
Who's gonna erase the future?  
Destiny gives us the final lecture?  
Born as fight of music  
Born as a believer of love & peace  
Ah! You are the beat traitor  
Ruler's frightened at time of comeback

Communication avoids destruction  
Creation breaks isolation  
Ah! You are the beat traitor  
Ruler's frightened at joy of dreaming
