

Outlaw

Treat

Cold night, I'm movin' undercover
No fright, I'm breakin' down the chain
You know I'm hidin' from the hunter
Let go, need shelter in the rain

Cold night, I'm movin' undercover
No fright, I'm breakin' down the chain
You know I'm hidin' from the hunter
Let go, need shelter in the rain

Ain't gonna lie to you
If it's the last thing I do
You know they say it's true

I'm an outlaw
Runnin' in the night
Outlaw
Need someone to hold me tight
Outlaw (Outlaw)
Runnin' in the night
Outlaw
Need someone to hold me tight

Cool down, tears won't make it better
Move on, we all live to learn
Look now, I'm heading for the border

Hold on till the that day I return
Ain't gonna lie to you
If it's the last thing I do
You know they say it's true

I'm an outlaw
Runnin' in the night
Outlaw
Need someone to hold me tight
Outlaw (Outlaw)
Runnin' in the night
Outlaw
Need someone to hold me tight

Oh-oh-oh-oh...

You know you can try it
But don't ever deny it
You know you can't run away from the outlaw

Oh, no

Outlaw
Runnin' in the night
Outlaw
Need someone to hold me tight
Outlaw (Outlaw)
Runnin' in the night
Outlaw
Need someone to hold me tight

Don't try to run away
So much I wanna say
