

Ruined

Tribal Seeds

Said you're ruined little girl
Said you're ruined by the world
Lost in your diamonds and pearls
Little value in this world

If I was a big shot man, girl
You would give me your world
But since I am a humble man
You won't give me a word

Well stray by the little
And you will fall
Nowhere to run with your back against the wall
Tonight, tonight you must fight
You must fight yeah
Well self realize what you really are
A beautiful queen who has been robbed

From I and I
Yeah from I and I
I say

Self realize darling
What you really are baby
You have been robbed sadly
From all your glory
I beg you self realize what you really are
A beautiful queen who has been robbed
From I and I
Yeah from I and I
And if you stray by the little
Then you will fall
Nowhere to run with your back against the wall
Tonight, tonight you must fight
You must fight yeah
