

# Tell Me Something I Don't Know

Trisha Yearwood

They always say be careful who you give your heart to  
They always say don't do it just because you want to  
Must have never felt like this  
No, they don't know a thing about him  
I'm not trying to prove anybody wrong

Tell me something I don't know  
This wind's gonna have to blow  
I know you're only trying to help  
But I will find out for myself  
I know your heart's in the right place  
But I can make my own mistakes  
It's gonna hurt when he let's go  
Tell me something I don't know

What if I stopped right here, turned my back and ran for cover  
To spare myself this pain, just let him be someone else's lover  
It'd probably hurt me just as much  
I'll take my chances, try my luck  
And don't tell me you know how I feel

Tell me something I don't know  
This wind's gonna have to blow  
I know you're only trying to help  
But I will find out for myself  
I know your heart's in the right place  
But I can make my own mistakes  
It's gonna hurt when he let's go  
Tell me something I don't know

They always say be careful who you give your heart to  
They always say nothing hurts like love  
Nothing hurts like love, nothing hurts like love  
Nothing hurts like love

Tell me something I don't know  
This wind's gonna have to blow  
I know you're only trying to help  
But I will find out for myself  
I know your heart's in the right place  
But I will make my own mistakes  
It's gonna hurt when he let's go  
Tell me something I don't know
