

Waves

Tristan Prettyman

I can be a handful
I can be a nightmare
I can get a little crazy

A little high maintenance
Hanging with the cool kids
Naw, it ain't gonna be easy

But I could be your best friend
Loyal till the day ends
Like you never knew you deserved it

Yeah you know its all worth it
Yeah, you make it all worth it

Oh Oh Oh
Oh Oh Oh Oh Oh
It comes in waves
It comes in waves

Oh Oh Oh
Oh Oh Oh Oh Oh
It comes in waves

Sometimes I wanna peace out
Press pause, rewind,
Take a drive, turn it all down

Other times I just sit back/get mad
Throw words like knives
Not caring where they might land

Even on the worst day
know that you still got me
know that what we got I wouldn't hurt it

You know its all worth it
Yeah, you make it all worth it

Oh Oh Oh
Oh Oh Oh Oh Oh
It comes in waves
It comes in waves

Oh Oh Oh
Oh Oh Oh Oh Oh
It comes in waves
It comes in waves

Your patience
My promise
This love will be honest
Forever and always
This love we will keep safe

Your patience
My promise

This love will be honest
Forever and always
This love we will keep safe

Oh Oh Oh
Oh Oh OH OH OH
It comes in waves
It comes in waves

Oh Oh Oh
OH Oh OH OH oh
It comes in waves
It comes in waves
