Other Worlds

Trivium

We're dreaming in color Believing no other No other

Is there hope
To break through
All the walls
Built around you

You're like a song within a nightmare A thought within a scream

Dim the world A glassy stare Face to face now

Do you even care To try to understand Where we went wrong Or how it seems

We're dreaming in color
Believing no other
'Cause we're living in other worlds
Breathing in other worlds

We're dreaming in color
Believing no other
'Cause we're living in other worlds
Breathing in other worlds

Broken mast Shipwrecked mind Future sinks By design

You're like a song within a nightmare A thought within a scream

Lost our minds Lost our way Face to face now

Do you even care To try to understand Where we went wrong Or how it seems

We're dreaming in color
Believing no other
'Cause we're living in other worlds
Breathing in other worlds

We're dreaming in color
Believing no other
'Cause we're living in other worlds
Breathing in other worlds

Someone wake me from this nightmare I can't even tell what's real

Someone wake me from this nightmare I can't even tell what's real

We're dreaming in color But we're living in other worlds Breathing in other worlds

We're dreaming in color
But we're living in other worlds
We lost our way in the other worlds

We're dreaming in color
Believing no other
'Cause we're living in other worlds
Breathing in other worlds

We're dreaming in color
Believing no other
'Cause we're living in other worlds
Breathing in other worlds
