

# The Defiant

Trivium

Explicit deviance  
Don't have to hide  
Display their wealth of sin  
Right 'fore our eyes

Complicit in ruin  
Protect with lies  
Defenestrate, destroy  
Mock and victimize

Nothing to gain  
Playing their games  
Always the same  
Corruption betrays

I stand in defiance of your ways  
(The defiant, the defiant)  
Nothing can absolve you from this hate  
(The defiant, the defiant in your way)
