

New Wave Song

Turbonegro

Who'd want to spy on you?
They.
Who do you think "they" are?
They?

Heard a song, heard a New-Wave song
[?] it didn't last too long
He had a monkey crawling up on his back
He'd kill himself just to see it die

Read a book, read a jungle book
About a man in the middle of the road he took
Made me laugh, made me cry
I'd kill myself just to see him die

(Bye bye)

I'd kill myself just to see him die
I'd kill myself just to see him die
I'd kill myself just to see him die
Just to see him

Saw a film, saw a Danish film
About a girl and the way that she died [?]
Made me want to close my eyes
I'd kill myself just to see her die

I'd kill myself just to see her die
I'd kill myself just to see her die
I'd kill myself just to see her die
I'd kill myself just to see her die

I'd kill myself just to see him die
I'd kill myself just to see him die
I'd kill myself just to see him die
