Come on & dance, take your chance  
Come on & dance, take your chance

Move on, da c is on da block  
And I'm goin' straight 2 da top  
Killin' dancefloors & all of that  
Swallow up da rhyme & u gonna git  
Just a piece of my brain that's da deal y'all  
Don't 4git u gotta call  
Close your i's a while & wait a sec  
And Let's go back, hit it!

Come on & dance, take your chance  
Come on & dance, take your chance

Listen up and don't stop 'till I stop  
Inhale da words I'm gonna drop  
Da time 2 live like a fool's in da past  
Think 4 real if u wanna last  
It can b tough we all know that  
U can win & loose that's da bet  
But da result of this can b changed somehow  
Do it now

Come on & dance, take your chance
