

## Friend, Please

Twenty One Pilots

I feel for you but when did you  
Believe you were alone?  
You say that spiders crawled inside  
And made themselves a home  
Where light once was.

Petrified of who you are and  
Who you have become.  
You will hide from everyone,  
Denying you need someone  
To exterminate your bones.

Friend, please remove your hands from  
Over your eyes for me.  
I know you want to leave but  
Friend, please don't take your life away from me.

Living like a ghost you walk  
By everyone you know.  
You say that you're fine but  
You have lost your sway a glow.  
So I stopped by to let you know.

Friend, please remove your hands from  
Over your eyes for me.  
I know you want to leave but  
Friend, please don't take your life away from me.

Would you let me know your plans tonight?  
'Cause I just won't let go till we both see the light.  
And I have nothing else left to say.  
But I will listen to you all day.  
Yes I will.

Friend, please remove your hands from  
Over your eyes for me.  
I know you want to leave but  
Friend, please don't take your life away from me.
