Cry For The Desert

Twila Paris

I will cry for the desert When He's bleeding from His heart and soul Die for the desert And remove my hands from what I hold Deeper in my heart I will hear Him call Deeper in my heart I will give it all Deeper in my heart I will cry for the desert Oh, I will die for the desert Oh, I will cry Cry for the desert I will tremble and receive His pain Die for the desert I will pour my life on this terrain Deeper in my heart I will hear Him call Deeper in my heart I will give it all Deeper in my heart I will cry for the desert Oh, I will die for the desert Oh, I will cry The smallest grain of sand Is held inside my hand And when I look I see His face The smallest grain of sand Is held inside my hand And when I look I see His face I will cry for the desert When He's bleeding from His heart and soul Die for the desert And remove my hands from what I hold I will cry for the desert Oh, I will die for the desert Oh, I will cry for the desert Oh, I will die for the desert I will cry
