

# No Confidence

Twila Paris

The Lord does not delight in human reckoning  
He offers us the wisdom of the spirit  
The idols of an age are falling all around  
But we are told to stand and not to fear it

We find our strength in Him alone  
We have no greatness of our own

We put no confidence in the flesh  
We will trust in the Lord our God  
We put no confidence in the flesh  
We will trust in the Lord our God

And we will shine like the stars  
We will shine like the stars  
In a darkened world

We turn away from hoping in chariot and horse  
We come aside to listen and to wait  
The one who brought us here will speak and lead us on  
Go forward on a path of simple faith

We will find our strengths in Him alone  
We have no greatness of our own

We put no confidence in the flesh  
We will trust in the Lord our God  
We put no confidence in the flesh  
We will trust in the Lord our God

And we will shine like the stars  
We will shine like the stars  
In a darkened world

Shine, shine, shine, shine  
Shine in a darkened world
