

# Just Friends

Ty Herndon

You're gonna be the text I send  
At 3: 30 in the morning  
Baby I can't sleep and I need you  
Come over

I wanna be your sweet little secret  
And I promise forever I'll keep it  
Let me make this easy, don't leave me  
Just need me

I'm not sorry, I'm gonna do this  
I'm losing my mind 'cause the truth is  
I'm ready to take a next step  
And take us to a place we've never been  
I wanna be your, I gotta have that  
Over and over again  
And I don't wanna be  
Don't wanna be just friends

I can tell by the way you're moving into me  
You don't want me to stop what I'm doing  
I know what you want, only me and you  
I'm gonna love it on you, like you want me to

I'm not sorry, I'm gonna do this  
I'm losing my mind 'cause the truth is  
I'm ready to take a next step  
To take us to a place we've never been  
I wanna be your, I gotta have that  
Over and over again  
And I don't wanna be  
Don't wanna be just friends

I wanna the sun in your wake up eyes  
Wanna be the kiss that you need all night  
Wanna be the air you breathe  
But we'll never know  
Till we try

I'm not sorry, I'm gonna do this  
I'm losing my mind 'cause the truth is  
I'm ready to take a next step  
To take us to a place we've never been  
I wanna be your, I gotta have that  
Over and over again  
I wanna be your, I gotta do that  
Over and over again  
And I don't wanna be  
Don't wanna be just friends  
Don't wanna be just friends  
I wanna be the sun in your wake up eyes  
Wanna be the kiss that you need all night  
Wanna be the air you breathe
