

That Kind of Night

Ty Herndon

Heyy, it's a take it easy slow ride
Everything is alright

It's a roll down your window
Night moves on the radio
Kinda night, kinda night

It's a you and I, here and now
Reckless in our hometown
Kinda night, kinda night

Ohh ohh, it's all ours baby
Ohh ohh, it's our time

Heyy, it's a take it easy slow ride
Everything is alright
High on us kinda night

Heyy, it's a chase away the sunrise
Pull up to the moonlight
Kiss you bout a thousand times
Kinda night

It's a drive through the desert
Stars go on forever
Kinda night, kinda night

It's a beautiful getaway
Sayin everything we wanna say
Kinda night, kinda night

Ohh ohh, it's all ours baby
Ohh ohh, it's our time

Heyy, it's a take it easy slow ride
Everything is alright
High on us kinda night

Heyy, it's a chase away the sunrise
Pull up to the moonlight
Kiss you bout a thousand times
Kinda night

It's all ours baby
It's our time
It's all ours baby
You and I

Heyy, it's a take it easy slow ride
Everything is alright
High on us kinda night

Heyy, it's a chase away the sunrise
Pull up to the moonlight
Kiss you bout a thousand times

Heyy, it's a take it easy slow ride

Everything is alright
High on us kinda night

Heyy, it's a chase away the sunrise
Pull up to the moonlight
Kiss you bout a thousand times
Kinda night
(It's a roll down your window
Night moves on the radio)
Kinda night, it's that kinda night
