## There Will Be A Better Day

## **Ty Herndon**

Take our sorrows
Take our tears
Heaven's not so far
From here

Though we struggle Hear us pray There will be a better day

Show us mercy Give us rest Hold the weary To your breast

And for the child who Lost his way There will be a better day

Hallelujah
There will be a better day

Sweet forgiveness Shining light Lift the darkness Of the night

Help us find
The strength to say
There will be a better day

Hallelujah Hallelujah There will be a better day

There will be a better day
