

Live!

Tye Tribbett

Wake up, shake yourself
All who are sleeping get on up
It's time for revival
That freshness, that new thing, rise up
Been too long, in the same place
Don't sit there, don't dry up let's go
Your past is beneath you
Look up now, I'm telling you there's more
Ooh....

So get up and live!
Get up and live

All who be weary and tired
It's time for your strength, renewed
No more these dry bones
Get up now, come together and move
Don't you ever let the devil
Make you feel like you can't be the one (Blessed)
Jesus died He paid the price
Now you and I we have the right to live (Blessed)

So get up and live! Get up and live
So get up and live! Get up and live

It's not the time to throw the towel
Come too far to give up now
Don't let the devil take your life
Come out of the grave and stand alive

So get up and live! Get up and live
So get up and live! Get up and live

It's not the time to throw the towel
Come too far to give up now
Don't let the devil take your life (Don't give up now)
Come out of the grave and stand alive
It's not the time to throw the towel
Come too far to give up now
Don't let the devil take your life
Come out of the grave and stand alive

So get up and live!
Get up and live!
So get up and live! (Good God Almighty)
Get up and live!
So get up and live!
Get up and live!
So get up and live!
Get up and live!

Get up and live! Get up and live!
Get up and live! Get up and live!
Get up and live! Get up and live!
Get up and live! Get up and live!
Get up and live! Get up and live!
Get up and live! Get up and live!

Get up and live! Get up and live!
Get up and live! Get up and live!

We speak life, we speak hope
We speak freedom over these bones
We speak life, we speak hope
We speak freedom over these bones
We speak life, we speak hope
We speak freedom over these bones
We speak life, we speak hope
We speak freedom over these bones
