

# Can't Stop Now

Tyler Hilton

We can't stop now  
We've come too far  
There's a light up ahead but it's not where we are  
And I'm no good at being on my own  
Well together we're worse off than being alone

It's hard to face  
But we can't go on like this  
Can't you see us burning down  
All it takes is everything we've got  
But somehow we can't stop

We can't stop now  
We're as good as gone  
Yeah we pulled apart when we used to belong  
Fortune finds those who wait  
Yeah we knew what we had  
We just got it too late

It's hard to face  
But we can't go on like this  
Can't you see us burning down  
All it takes is everything we've got  
But somehow we can't stop  
We can't stop  
We can't stop  
Oh yeah

Oh it's hard to face  
But we can't go on like this  
Can't you see us burning down  
We're burning down  
All it takes is everything we've got  
But somehow we can't stop  
No somehow we can't stop

We can't stop now  
We've come too far  
There's a light up ahead but it's not where we are
