Falling

Tyler Ward

And the conversation was right Underneath the shade of moonlight You were standing there With sun-touched hair And your dress the color white

Like an aeroplane I took flight Fell in love with you that first night Cause you danced with me And I could see that there was more to life I'm falling I'm falling In love with you I'm falling I'm falling In love with you-ooh

Just before the strike of midnight You said "This could be the good life" And you say "Goodbye, hope that I get to see you soon" Then I walked for several miles Couldn't rid me of my smile Cause you found me and I found you In this lovely month of June

I'm falling I'm falling In love with you I'm falling I'm falling In love with you
