

## Love Like Valentine

Tyler Ward

You unexpected us, and he couldn't get me to fall  
Is this your plan now all along because  
If I don't make up its finally shut down  
Now you're a memory that I can not put down

And all the words I left unsaid (I think I miss you now)  
A love like valentine with roses in your bed  
God I hope you come back soon (I keep for the turn around)  
Cause everything you were just shot me to the moon

Maybe I was wrong, maybe this time you were right  
I should of held on, I should of put up a fight  
Cause you were leaving me intoxicated by  
The way you held me, the way you turned off the lights

And all the words I left unsaid (I think I miss you now)  
A love like valentine with roses in your bed  
God I hope you come back soon (I keep for the turn around)  
Cause everything you were just shot me to the moon

Cause you're the only one that ever understood  
And you're the fire that blazed across the sky  
I say I'm sorry with the hope this isn't over

Yeah, I wasn't sick of this dance for anyone in particular  
Uneducated to the ways of lust, took it like it was part of my  
curricular  
Didn't love you anymore, didn't have already, didn't really hav  
e to  
Command to takes to see the relation of this ship was getting  
unsteady  
Now that I got my tux fitted for the task, I'm suited  
For the petals of roses not covering the shored of Cali  
Leaving the meaning of love translucent

These are the words I left unsaid (cause you're the only one th  
at ever understood)  
I love you more then you could ever understand  
A love like valentine won't do (I say I'm sorry with the hope t  
his isn't over)  
Cause ill move the earth the sun the moon  
Till you realize I'm waiting here for you
