

# There's No Way

Tyler Ward

You touch me and it's almost like we knew  
That there would be history between us two  
We knew someday that we would have regrets  
But we just ignored them the night we met  
We just dance backwards into each other  
Trying to keep our feelings secretly covered  
You touch me and it's almost like we knew  
That there would be history

But there's no way that it's not going there  
With the way that we're looking at each other  
There's no way that we're not going there  
Every second with you, I want another  
But maybe we can hold off for one sec  
So we can keep this tension in check  
But there's no way that it's not going there  
With the way that we're looking at each other

I wish I could make the time stop  
So we could forget everything and everyone  
I wish that the time would line up  
So we could just give in to what we want  
'Cause when I got somebody, you don't  
And when you got somebody, I don't  
I wish that the time would line up  
So we could just give in

But there's no way that it's not going there  
With the way that we're looking at each other  
There's no way that we're not going there  
Every second with you, I want another  
But maybe we can hold off for one sec  
So we can keep this tension in check  
But there's no way that it's not going there  
With the way that we're looking at each other

With the way that we're looking at each other  
With the way that we're looking at each other

There's no way that it's not going there  
With the way that we're looking at each other  
There's no way that we're not going there  
Every second with you, I want another  
But maybe we can hold off for one sec  
So we can keep this tension in check  
But there's no way that it's not going there  
With the way that we're looking at each other
