Take my hand before I go We'll never be alone Look at all the lucky days And places we have gone Let me say a single word A million other ways But all I wanna see is now A smile upon your face Like I'm dancing - dancing with an angel Like I'm dancing - never danced before Like I'm dancing - dancing with an angel Like I'm dancing - a dream I'm dancing on Gave my heart into your hands We are evermore How can I repay you now For all the years and more All I know so deep inside We will never fade So let me take you by the hand And lead you to the dance [CHORUS] Still I'm dancing through a dream with an angel I don't wanna lose a part of your heart Still you give me all the worlds I believe in And I know that we will never part [CHORUS]
