

# Pop The Trunk

UGK

I just bought me a Coupe De ville  
Took out the air bag put in a wood wheel  
Now all the ATL niggas wanna jack 'cause I'm from Texas  
Never seen candy with the fifth on the back

I'm comin' down the west end, niggas tryin' to jack  
And bust a right Coney Island pop the trunk and started cappin'  
Niggas was happenin' put they Burboun to the floor nigga  
Hard to bust back but I was penetrating they doe

Nigga in PA, it's like the wild, wild west  
Throwin' all packed and we all wear vests  
When the shit pop out, who gonna stunt  
Nigga ain't shootin' me first I fin to pop the trunk

These niggas keep talkin' like they want the funk  
But niggas love to talk shit I fin to pop the trunk  
Runnin' off at they dick suck as gettin' it crunk  
Nigga I'm high off this weed I fin to pop the trunk

Steady frontin' like a man but you show me a punk  
Man I knew he was a bitch I had to pop the trunk  
All we really came to do is just smoke some scum  
These niggas steady runnin' me hot I'm fin to pop the trunk

You niggas didn't know that I was out of control  
Slow yo roll for I put this chopper straight to yo fo'  
Head you better off dead than to fuck around with psycho niggas  
Don't be trying to plead yo case 'cause I don't even like no niggas

In my face, trying to question me about some drama  
Only answer to two people God and my mama  
Far as niggas tryin' to put me in the cross  
Let 'em holler at my bitch, Nina Ross hoe house boss

I bet you mind somethin' in, run and tell a friend  
on the Gin, I think he said, "Trippin' once again"  
It ain't no stoppin' me, get at me then I'm dumpin' on ya  
Ridin' past yo funeral hangin' out the window slumpin' on ya

You didn't know, they didn't tell you boy you better listen  
While I shoot this shit before you put yourself in that position  
Niggas that know me know I specialize in havin' bump  
You can have the tail way from the shovel so we can pop the trunk

These niggas keep talkin' like they want the funk  
Man 'cause his bitch chose me I fin to pop the trunk  
Runnin' off at they dick suck as gettin' it crunk  
'Cause I'm fuckin' yo gal I got to pop the trunk

Steady frontin' like a man but you show me a punk  
Nigga tried to jack my car I had to pop the trunk  
All we really came to do is just smoke some scum  
Smokin' at the Tittie bar I had to pop the trunk

Under Cali's blue skies, smokin' on chronicles and chocolate ties  
Even when we tell the truth, the hoes we lies

Man ain't no disguise, doin' ninety week flies  
Ain't got no time for middle men and small fries

Only money conversation and big thighs  
Let me talk to your boss man, the nigga wit the pies  
And back yo ass up and don't act so surprised  
When pistols start to cock, hands start to rise

Nobody move too fast I advise  
Or you can catch a hot one right between ya eyes  
Recognize I done set me sights on the prize  
And put lights out with boom fifty bye, bye

I'm labeling my life off of rap and weed highs  
And ask my agent bout my fuckin' shoe size  
But fuckin' wit' us ain't wise  
We get crunk, we came to pop the trunk  
What, the trunk

These niggas keep talkin' like they want the funk  
I knew he was the police I had to pop the trunk  
Runnin' off at they dick suck as gettin' it crunk  
Man I'm sippin' on poppin' the trunk

Steady frontin' like a man but you show me a punk  
I had to pop the trunk  
All we really came to do is just smoke some scum  
To make it, make it crunk I had to pop the trunk

I know that they some bitches had to pop the trunk  
California to Texas poppin' the trunk  
UGK and Celly Cell we 'bout to pop the trunk  
Sippin' on Hennessey I fin to pop the trunk, bitch  
Smoke somethin', D time, PA, uh, '97  
Smoke somethin', representin' money, like too short bitch
