Turn It Up

Ugly Duckling

Turn it up, turn it up Turn it up, turn it up Turn it up, turn it up Turn it up, turn it up

Louder, louder

Louder, louder

Louder, louder

Watch your ears, we're gonna drop the bomb Plug it in, turn it on, turn it up, come on Yo Greg, put us in the red, shake a leg Cause we gotta get it loud enough to wake the dead Even in a library or an old folks home We raise the low tone till the speaker's blown Overloaded to the max, song one to the final track On ten and eleven is a spinal tap When you rock just let the fiber optics Pound so they can knock you down like drop kicks Your head spinnin, your heartbeat's irregular Eardrums ringin, so words don't register It's not classical, jazz or easy listening This one is to be blasted like nitroglycerine Don't be a shamed, let the bass sustain Then press the (?) till people complain

We gonna.. Turn it up, turn it up Turn it up, turn it up Turn it up, turn it up Turn it up, turn it up

Louder, louder

Louder, louder

Louder, louder

(And I like it, and I like it)
(Louder and watch your watts explode)
(Turn your radio up loud)

Now there's only way to play it, that's (louder) Loud enough to turn your brain to clam chowder We find levels that others overlook To push and make the system overcook I had a heavy metal neighbor, it used to be torture My mother told him turn it down but he just ignored her So I turned our speakers till they cornered his house Turn it up to ten and now he's movin out When I'm in my room I pump the volume And play it so loud you can hear it on the moon See, my sound system is world renowned Until the cops come around, then I turn it down Cool, it's okay, go 'head and press play He gave his little speech, now he's drivin away When the people next door say they heard enough Pretend you didn't catch that, turn it up We gonna.. Turn it up, turn it up Turn it up, turn it up

Turn it up, turn it up Turn it up, turn it up Louder, louder Louder, louder Louder, louder LOUDER

(And I like it, and I like it)
(Loud music for your neighbors)
(Turn your radio up loud)
(And I like it, and I like it)
(The music comes on, strong, slammin)
(Turn your radio up loud)
