

# Tiger Heat

## Ultraviolet Sound

Tiger heat

Tiger heat

Tiger heat

Burning up the floor to the million dollar beat

Don't stop like a record, like a record on repeat

Dance to the heat of your own drum machine

In the concrete jungle

There's a girl that I know

See her walking down the street

In her leopard skin coat

If you look into her eyes, you can see

She's wild like a beast

She's wild

She crawls into the spotlight

Every night tearing up the neon like a freak

Much more than you can ask for on the dancefloor

You gotta let her have her way now baby

Rip, claw, burn, raw

Heat tiger heat

Don't stop her now

She's like a record on repeat

Ya heat tiger heat

Tiger heat

Tiger heat

In your neon dreams

She's the queen of the scene

Old school sheltoes tattoo of a stereo

She crawls into the spotlight

Every night tearing up the neon like a freak

Much more than you can ask for on the dancefloor

You gotta let her have her way now baby

Rip, claw, burn, rawr

Heat tiger heat

She scratches like a record

Like a record on repeat

Ya heat tiger heat

Tiger heat

Tiger heat

Burning up the floor like it's 1983

Like it's 1983

Dance dance dance dance dance

In the concrete jungle

There's a girl that I know

See her walking down the street

In her leopard skin coat

If you look into her eyes, you can see  
She's wild  
She's wild

Rip, claw, burn, rawr  
Heat tiger heat  
Don't stop her now  
She's like a record on repeat  
Ya heat tiger heat
