

Hold Your Breath

Underoath

Head in the clouds
Isn't there some other way?
Feet off the ground
I've fucked up my only escape
God...
Can't escape

I never stood a chance anyway
I never tried that hard
You never listened to the words I say
I fear it, I fear it, I fear it

Alone at the top of the world
I forgot it was safe down below
I used to be so afraid
Now the darkness it swallows me whole
Alone at the top of the world
Cut the cord, let me float far away
I never asked you for this
So don't tell me that I'm to blame

I'm not coming down
It's too late, it's too late for me
So just give up now
I've blocked out the sight and the sound

Now I'm up here by myself
You never gave a shit
I wish that I was someone else
Do you feel it? You feel it? You feel it?

Alone at the top of the world
I forgot it was safe down below
I used to be so afraid
Now the darkness it swallows me whole
Alone at the top of the world
Cut the cord, let me float far away
I never asked you for this
So don't tell me that I'm to blame

Hold your breath
Choke on my words
Hold your breath
Choke on my words

Don't get me started
I'm not your pawn anymore
I've come all this way alone
I'm on my own

Alone at the top of the world
I forgot it was safe down below
I used to be so afraid
Now the darkness it swallows me whole
Alone at the top of the world
Cut the cord, let me float far away
I never asked you for this

So don't tell me that I'm to blame

I'm not to blame
