

# Time Has Gone

Unholy

Five days travelled  
Wakened in the land of the black desert  
Rotten corpses everywhere  
Endless fields, rising fear

Endless fear  
Moves me on  
Time has gone  
Past is here

Moonlight twists my mind  
Perfect silence surrounds me  
Dreams turn to nightmares  
The black walls of death

Ritual of horrid monsters  
The cult of the evil or your sick imagination

Fear - Pain - Darkness  
Destroys my mind
