

Blood, Sweat and Tears

Upon a Burning Body

Every thought is a battle
Every breath is ignored
And I'm tired of excuses
You have been warned!

Over and over and over again
I've had enough, I've had enough
This stronghold has come to an end
And I have no reason to make amends

With blood, and sweat and tears
I'm over being used, abused
And held down by fear
Blood, and sweat and tears
I'm over being used, abused
And held down by fear

In the shadow of a burning desire
Can you stand alone in the fire?

If you're not with us, you're against us
No turning back
If you're not with us, you're against us
No turning back
We are the counterattack

I refuse to fall
We'll overtake it all

Every thought is a battle
Every breath is ignored
But I'm tired of excuses
You have been warned
This is the point of no return
I'm not going back
I am the counterattack

With blood, and sweat and tears
I'm over being used, abused
And held down by fear
Blood, and sweat and tears
I'm over being used, abused
And held down by fear

In the shadow of a burning desire
Can you stand alone in the fire?

If you're not with us, you're against us
No turning back
If you're not with us, you're against us
No turning back
We are the counterattack!

If you're not with us, you're against us
If you're not with us, you're against us

1, 2, 3, 4!

We are the counterattack
No turning back

If you're not with us, you're against us
If you're not with us, you're against us
No turning back
We are the counterattack!
