## **Carry On**

**Uriah Heep** 

So what can I do, what can I say Do I have to stand and Watch you walk away I know there's got to be A better way I just can't go on living for today

I thought I heard a voice Out on the wind And I'm sure I heard it say I'd find a friend And it said I'd find The answers in the end All I gotta do is carry on

Carry on, carry on, the time is flyin' You need another love Maybe another town Carry on, carry on Don't wait until your hope is gone When your last chance Comes round

I'm gonna keep on looking I won't quit Aggravation It ain't gonna hurt a bit And I believe that I have seen the last of it There's nothing left to do But carry on
