

Need U

Usher

I fucked up
I'm man enough to admit it
I don't know if that makes a difference
And I know that
If you just give me a chance to explain
I need you

How you make it feel
Way you make me feel
Feel so good
I like it, I like it baby
Girl, what you doing to me
Girl, what you do to me
Don't give 'em my love, you ain't even like that
What kind of point you tryna' prove
You hate to admit it, but you still take me back
All that shit you was talkin' it don't hold no weight
'Cause

You always say I'm stuck in my ways (I had it coming)
You always say that I'll never change (in time I'll show you)
Ain't always wrong
I'll take the blame (that counts for something)
Man up and say, I'll own my mistakes
(gotta count for something)
Girl I need you now, I need you now
Don't let me down

Girl what I do to you, girl what I do to you
Do to make it [?] cold
Tryna hit me where it hit home
You and me, I know, You and me, I know

New friends you got new friends
You already know, I hit it
You know what it is when you see me callin'
You know what it is when you see me callin'
Yeah I know, I was wrong, but you knew better
Give you up, I would never

You always say I'm stuck in my ways (I had it coming)
You always say that I'll never change (in time I'll show you)
Ain't always wrong
I'll take the blame (that counts for something)
Man up and say, I'll own my mistakes
(gotta count for something)
Girl I need you now, girl I need ya'

Don't let me down
Girl what I do to you, girl what I do to you
Do to make it [?] cold

You always say that I'll never change (in time I'll show you)
Ain't always wrong

I'll take the blame (that counts for something)
Man up and say, I'll own my mistakes
(gotta count for something)
Girl I need you now, girl I need ya' (oh baby I need ya)

Haven't always done ya right and I know it
Girl I hope it ain't too late for me to show it
Forgive me for what I put you through let me love you
All this time you were right

You always say I'm stuck in my ways (I had it coming)
