

## 2 Fingers

What happened? Who shot?  
Who buck and who ran off?  
You rappers ain't hot, the fuck they got fans for?  
I'm back in the spot, what bundles they hand off?  
Meet me another block aksin what's the expend cost  
It's a hard job that fell for rost off  
Left hand still, Cartier was on polish  
Light knit wear, I don't pitch the hard nah  
Maserati whip, serve bricks to the carwash  
Who's on the menu? Hunned deep like the venue  
Hunned keys who I sent to, turn the weed up the mental  
Was in a rental, I done turned down in Pennsylvania  
Pistol mania, streets official

2 fingers in the air for the ones before  
Middle finger in the air for the ones that hate  
Ain't no more love  
Sorry but it's gotta be this way  
Stackin all day, trappin all day  
Back with more yay, we clappin your way  
What?  
I'm a survivor  
I'm a rider  
Bet you don't move  
When it's on this side, no  
It's been so long but we finally arrived  
We stackin all day, trappin all day  
Back with more yay, we clap in your way

You're looking at a new school legend  
Gift out of Heaven  
Preachin' that real, yeah I'm something like a Reverend  
Livin' by the code, bend or fold  
Black man wearin' 100 G's worth of gold  
Iced out watches, shirt from Versace  
King of the south I am, wuddup Gotti?  
Been speak bout it, money no karate  
Profit go to flippin now they think I'm Illuminati  
What you came here for? I'm in the Django clothes  
Niggas want my life, they wanna take my soul  
See I done switched my flow just like I do with my hoes  
Now they know I'm the truth but why it took so long?  
Know the Maybach comfy and the kush so strong  
No my thoughts ain't right, I can't do nothing wrong  
I'm so gifted, hear my voice and get lifted  
Came from the trenches, gun shots today, just listen

Ain't no more love  
Sorry but it's gotta be this way  
Stackin all day, trappin all day  
Back with more yay, we clap in your way  
What?

Hard tie with the ropes, what yo fan face?
